12/31/2025

Merry Christmas,

Enclosed you will find our 2026 Nursery Price List. If you currently have an order on file for Spring 2026, a copy is included with this mailing.

Overall, 2025 was a strong year. Tree growth was excellent across the board, we had another successful fall dig, and the Christmas tree harvest went well. Looking ahead, we are seeing increased availability as larger plantings reach their harvest window. We are also encouraged by continued improvements in the number of high-quality trees meeting market standards.

Last week marked Dean's official retirement. I have had the privilege of knowing Dean for most of my life and am especially grateful for the opportunity to work alongside him over the past five years. His dedication and leadership have had a lasting impact on our operation.

As we move into the new year, we have added a new grower and a new operations team member, and we are excited about the strength of our team going forward. Both of these I will continue to handle sales, and Camille is gaining more experience in our office operations and continues to be a valuable part of our team.

Thank you again for a successful 2025. We truly appreciate your business and look forward to working with you again in Spring 2026.

Warm regards,

*Joshua Koehler*
